

# Fifth Third Bank Risk Management Leadership Program

The Risk Management Leadership Program (RLP) provides a solid career foundation by developing an overall understanding of risks that are inherent to a financial institution.

**Our goal is to invest in future leaders who will lead a strong risk culture and create and oversee consistent risk management practices that balance risk and reward for our shareholders.**

During the two-year program, participants will complete four six-month rotations developing skills in eight risk categories, including operational risk, credit risk, compliance risk, market risk, liquidity risk, reputation risk, strategic risk and legal risk.
